

Tu es sur Cyberduck et tu ouvres une connexion

Tu choisis une connexion SFTP

Tu retournes sur Gandi, tu cliques sur Simple Hosting

Tu cliques sur FanelieWebsite

**Tu cliques sur sites**

The screenshot shows the Gandi.net dashboard for 'FanelieWebsite'. The 'Sites' tab is selected, indicated by a red arrow. The dashboard shows that 'FanelieWebsite est active' and provides details about storage usage, language, and database. A list of hosted sites is visible, including 'faneliemuselier.com'.

**Tu cliques sur ca**

The screenshot shows the Gandi.net dashboard for 'FanelieWebsite'. The 'Sites' tab is selected. A list of sites is displayed, including 'faneliemuselier.com'. A red arrow points to this site, indicating it should be clicked.

**Tu retournes sur Cyberduck**

The screenshot shows the Gandi.net dashboard for 'FanelieWebsite'. The 'Sites' tab is selected, and the site 'faneliemuselier.com' is highlighted. A red arrow points to the 'Effacer' button, indicating it should be clicked.

**Port 22**

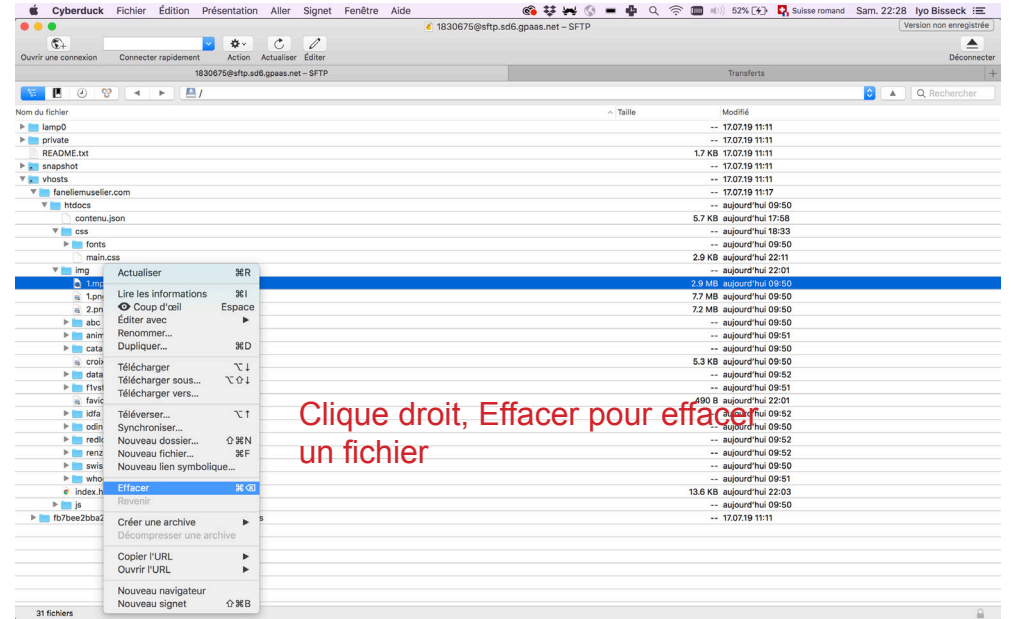

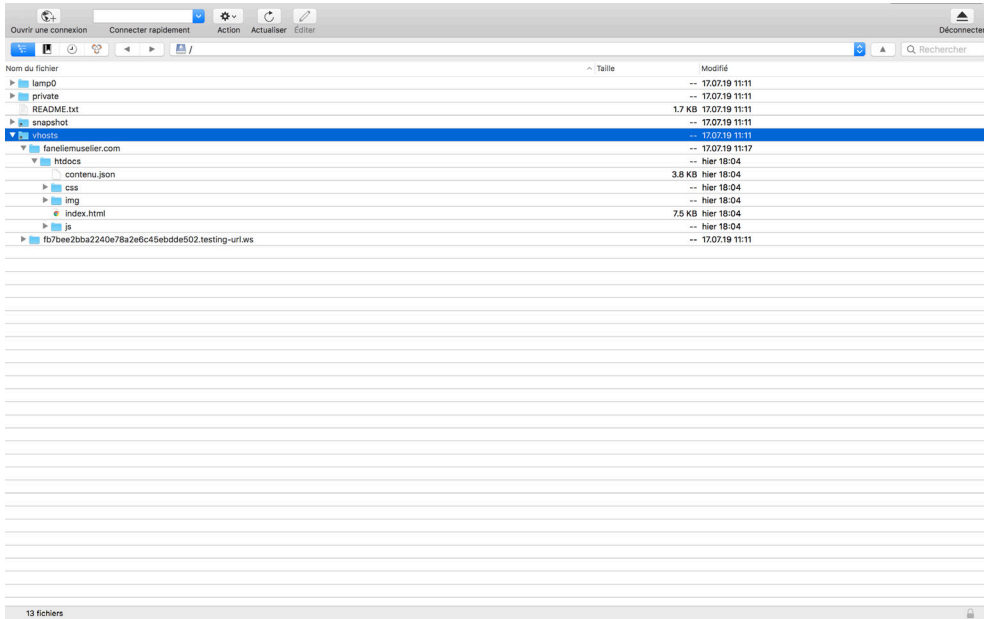

**mdp : fanwebsite**

**serveur : sftp.sd6.gpaas.net**

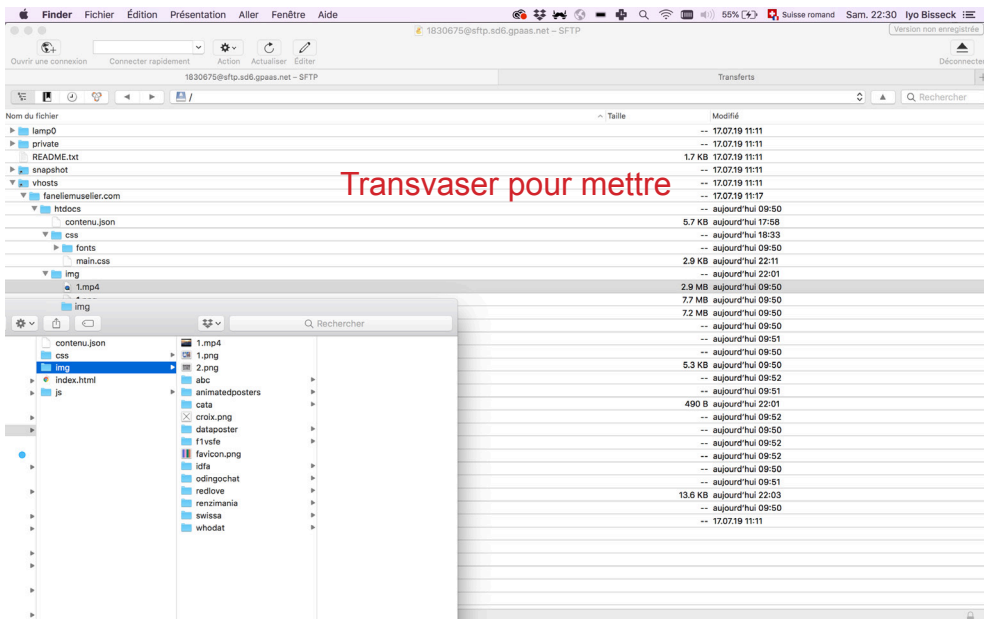

**nom d'utilisateur : 1830675**

**mdp : fanwebsite**

The screenshot shows the Cyberduck SFTP connection dialog box. Red arrows point to the 'Serveur' field (sftp.sd6.gpaas.net), the 'Nom d'utilisateur' field (1830675), and the 'Mot de passe' field (mdp : fanwebsite). The 'Port' is set to 22.
